WRIGHT BROTHERS REGIONAL CHAPTER

2009

NATIONAL DEFENSE INDUSTRIAL ASSOCIATION

The Wright Brothers Regional Chapter of the National Defense Industrial Association supports the Department of Defense in Dayton, including Air Force Materiel Command, Aeronautical Systems Center, Air Force Research Laboratory, National Air and Space Intelligence Center and the Air Force Security Assistance Center.

We Participate In Decisions That Shape the Future of National Defense.

Wright Brothers Regional Chapter NDIA members are active leaders in community affairs and other national professional organizations.

- Provide value to the DoD customer enabling them to reach out and touch one organization that can provide senior industry inputs/advice on issues related to aerospace products and services.
- Pursue an active program for the maintenance and promotion of membership of NDIA.

The NDIA is part of a Professional Consortium

We join DADCA, AFA, AFCEA, AIA and the Dayton Rotary in sponsoring recognized national leaders to address the Consortium membership.

Semi-Monthly Luncheons

Throughout the year, approximately 20 informal "luncheon-discussion sessions" with key military and civilian leaders are sponsored by the committee. This culminates with an NDIA hosted "Salute to Speakers" function each January.

US Air and Trade Show

This international event is held in July and is actively supported by the Industry Executive Committee by providing several members to the Chalet Planning Committee.

National Aviation Hall of Fame

We support the annual enshrinement of aerospace leaders that occurs each July.

NDIA Classic Golf Tournament

The annual team building Classic is held in August with typically over 100 participants from industry and DoD.

Dayton Area Chamber of Commerce

NDIA is recognized as a major support organization and a standing member on the Military Affairs Steering Committee of the Dayton Area Chamber of Commerce.

The Voice of the Aerospace Industry in Dayton, Ohio

- GOVERNMENT
- ACADEMIA
- MILITARY SERVICES
- SMALL BUSINESSES
- PRIME CONTRACTORS
- INTERNATIONAL COMMUNITY

Dayton, Ohio is the *birthplace, home and future* of aerospace. It is also home for the Wright Brothers Regional (WBR) Chapter of the National Defense Industrial Association (NDIA).

NDIA provides individuals from academia, government, the military services, small business, prime contractors, and the international community the opportunity to network effectively with the government-industry team, keep abreast of the latest in technology developments and address and influence issues as well as government policies critical to the health of the defense industry and the preservation of our national security.

One of the country's most active NDIA organizations

The Industry Executive Committee is the implementing arm of the WBR Chapter. The primary focus of the Industry Executive Committee is to provide industry support to the Wright-Patterson Air Force Base (WPAFB) research, acquisition and sustainment activities as espoused by the Commanders of the Air Force Materiel Command (AFMC), Aeronautical Systems Center (ASC), Air Force Research Laboratory (AFRL), National Air and Space Intelligence Center (NASIC) and the Air Force Security Assistance Center (AFSAC). The Industry Executive Committee assists these WPAFB organizations wherever we can make a difference. We are dedicated to developing and maintaining a close working relationship between industry and government in supporting national interests.

[CHAPTER OBJECTIVES]

- Support NDIA national programs and activities.
- Provide a means for industry liaison with local area Department of Defense (DoD) and other government personnel to improve insight into how industry can better support governmental needs.
- Bring industry and government together, in an environment based on mutual trust and respect, to resolve issues of joint concern supporting member companies and national security.
- Provide industry advice to local government representatives.

[ACTIVITY HIGHLIGHTS]

The Industry Executive Committee members participate in a variety of activities that enhance the government-industry working relationship on the local level. These activities include planning and administrative support to ASC and AFRL Commanders for the multiple industry and defense related briefings and regular informal luncheons where key USAF personnel address topics of current interest.

Co-sponsorship of Industry Forums

ASC and AFRL sponsor a number of annual meetings at WPAFB where senior industry executives join with their Air Force counterparts to discuss issues of common interest. The Industry Executive Committee works closely with Air Force leadership to identify forum topics and potential speakers and panel members and provides administrative support to the forum proceedings.

Our Strength Comes From Our Membership

The Wright Brothers Regional Chapter membership includes over 850 individual member representatives from most of the nation's major aerospace corporations.

The control and responsibility for the chapter's affairs are vested in the Industry Executive Committee. The Committee is small, comprised of 25 regular members and 21 members emeritus. The chapter President is responsible for the direction and management of the chapter and the execution of its policies, as determined by the Industry Executive Committee. In addition to the President, the chapter officers are: Vice President, Secretary and Treasurer. The term of office is one year.

The Committee is supported by liaison personnel from Air Force Materiel Command, Aeronautical Systems Center, and Air Force Research Laboratory.

[JOHN BROWN]

Pratt & Whitney

John Brown is the General Manager for Dayton Operations at Pratt & Whitney. John joined Pratt in 1970 as an aerospace engineer

in the Florida Research and Development division. He has held numerous assignments of increasing responsibility in engineering, operations and program management. John has a BS in Aerospace Engineering from the University of Michigan and a BA in Mathematics from Bellarmine College. Additionally, he has a MS in Engineering Management from the University of Dayton.

[MATT DI BIASE]

The Boeing Company

Matt Di Biase is Manager of the Dayton Field Office Marketing Team for The Boeing Company, having joined the firm in

1995. His prior experience of 20 years in the Air Force is split between operational flying and acquisition management. Matt holds a BS in Chemistry from the Virginia Military Institute and a MPA from Golden Gate University.

[DAVID EDMONDSON]

Computer Sciences Corporation

David Edmondson is Vice President of the Defense Systems and Services business unit of Computer Sciences Corporation, headquartered

in Dayton, OH. He has a BS in Computer Science from the University of Kentucky. David joined CSC in 1984.

[MIKE EVANS]

Raytheon

Mike Evans was assigned as Lead for the Raytheon Field Office in 2005. In 1992, Mike retired from the Air Force and entered the

civilian sector as a manager in the automotive aftermarket. He joined Raytheon, Indianapolis in 1999 as a Program Manager and then Business Development Manager for Precision Engagement Programs. Mike has experience in the F-4, RF-4, F-15, and a variety of other aircraft. He is a graduate of the Air Force Academy, Air Command and Staff College and Air War College.

[DON HAMILTON]

Computer Sciences Corporation

Don Hamilton is a senior member of the executive staff with CSC in Dayton. He retired from the Air Force in 1994 as a Colonel

with significant experience as a logistician. He has a BS in Business Management from Fairleigh Dickenson University. He attended the Industrial College of the Armed Forces and the John F. Kennedy School of Government at Harvard University.

[BILL HARRELL]

Lockheed Martin

Bill Harrell became Vice President, Air Force Programs and Dayton Office Manager in 2003. After a 27-year Air Force career as a

combat fighter pilot, Bill joined Lockheed Martin in 1997 on the F-22 business development team. Later, he joined the successful JSF Capture Team and became Director for Air Force F-35 JSF Program Requirements. Bill graduated from the Air Force Academy, USAF Fighter Weapons School, and Army Command and General Staff College.

[JAY JABOUR]

Northrop Grumman

Jay Jabour joined Northrop Grumman in 2003 as the Dayton Corporate Lead Executive. He retired from the Air Force as a

Brigadier General and Vice Commander of the Aeronautical Systems Center. His experience includes numerous assignments in operations, test and acquisition. As a Test Pilot, he directed the ATF Test Force. His acquisition management assignments include System Program Director for both the B-2 and F/A-22. His last tour in the Pentagon was as PEO for Fighter and Bomber Programs.

[CHUCK JACKSON]

Sumaria Systems

Chuck Jackson is Vice President, Strategic Development, for Sumaria Systems. He completed a 32-year career with the Air Force and

at retirement was a member of the Senior Executive Service and Director of the 326th Aeronautical Systems Wing. He holds a BS in Business Administration and a MBA in Management from Wright State University and was a Senior Executive Fellow with the John F. Kennedy School of Government at Harvard University.

[TONY JENSEN]

Textron Defense Systems

Tony Jensen joined Textron in 2004. He is the Senior Regional Manager at the Dayton Field Office, where he supports all product lines by

growing business and technology opportunities with WPAFB, regional academia and industry. He is a retired Air Force Colonel with more than thirty years of service. He is a past President of Dayton Defense/Defense Contractors Association (DADCA) and is currently President of the Defense Planning and Analysis Society (DPASS).

2008 INDUSTRY EXECUTIVE COMMITTEE BIOGRAPHIES

[ED JESPERSEN]

Lockheed Martin

Ed Jespersen is the Manager for Aeronautical Programs at the Dayton Field Office for Corporate Business Development. He retired from the Air Force in 2001. Ed is a senior navigator with 1700 hours in F-111 aircraft. He holds BS and MBA degrees and is a graduate of the Defense Systems Management College. He joined Lockheed in 2005.

[RICK KIND]

General Electric

Rick Kind is the Manager of the Dayton Field Office for GE Aviation. He retired from the Air Force as the USAFE Director of Aircraft Maintenance after a 28 year career in Aircraft Maintenance and Logistics. He joined General Electric in 2000 as a program manager and assumed his current position in 2007. He has a BA in Business Administration from Capital University and a MA in Management from Central Michigan University.

[DAN KUGEL]

Battelle

Dan Kugel is Vice President, Air Force Business Development, Battelle Memorial Institute. He retired from the Air Force in 2005 having served 35 years as a program director/deputy on numerous weapon system programs and as an acquisition staff officer at Aeronautical Systems Center, Air Force Research Laboratory and Air Force Materiel Command. He has a BS in Electrical Engineering from Columbia University and a MS in Electrical Engineering from The Ohio State University.

[PHIL LINTNER]

Northrop Grumman

Phil Lintner is the Northrop Grumman Electronic Systems Sector and Space Technology Sector Dayton Manager for Systems and Technology Development. After serving in the Marine Corps in aviation maintenance, he joined Westinghouse Defense Systems (later to become a sector of Northrop Grumman) in 1979. He has a BS degree from the University of Kentucky and a MAS from Johns Hopkins University.

[DON MAKRIS]

Lockheed Martin

Don Makris is the Corporate Business Development (CBD) Manager for Air Force Simulation and Training programs. Don spent most of his Air Force career as a fighter pilot and after retirement applied his experience as an F-15 Instructor and Site Manager at Taif AB, Saudi Arabia. He continued his civilian career working on the development of the F-15E Weapons Systems Trainer in Akron before joining the CBD field office in 1989. Don has over 25 years of service with Lockheed. He has a BS from the University of Nebraska and a MA from the University of Northern Colorado.

[MIKE MALESKE]

Northrop Grumman

Mike Maleske is Manager of the Dayton Field Office for Northrop Grumman Electronic Systems. He retired from the Air Force as a Lt Colonel in 1995 with significant program management and executive staff experience. He has a BSME from Purdue University, a MBA from Central Michigan University and is a graduate of Defense Systems Management College. Mike joined Northrop Grumman in 1995 and became the Manager of the local marketing office in 2001.

[BOB MATTHEWS]

Dayton Aerospace

Bob Matthews is the President of Dayton Aerospace, Inc. He retired from the Air Force as a Colonel in 1997 as the B-1B System Program Director. He has a BS in Aerospace Engineering from Texas A&M University, a MS in Systems Management from the Air Force Institute of Technology and is a graduate of Defense Systems Management College. Bob joined Dayton Aerospace in 1997 and became President in 2006.

[BOB MAY]

Battelle

Bob May joined Battelle as Vice President, Air Force Market Sector in 2007 after concluding a distinguished Air Force civilian career which included 13 years as a member of the Senior Executive Service. In his position, he leads development and delivery of Battelle's world-class capabilities to the Air Force. Bob has authored or co-authored 17 papers. His education includes a BS in Aerospace Engineering from the University of Notre Dame, a MS in Engineering from Purdue University, and MA and MS degrees in Business Management from Central Michigan and Stanford University respectively.

[ED MECHENBIER]

SAIC

Ed Mechenbier is Corporate Vice President for Development and the Senior Corporate Officer located in the Midwest. SAIC is a multi-faceted high tech corporation with 44,000 employees and \$8B annual sales. He has a diversified background with nearly 32 years of industry experience. Ed graduated from the Air Force Academy and retired as a Major General in the Air Force Reserve.

[SHARON MUZIK]

Booz Allen Hamilton

Sharon Muzik is a Vice President at Booz Allen Hamilton. She manages the firm's Dayton, Ohio operations and co-leads a technical team of 2,000 defense system experts. With over 30 years industry experience, she leads the USAF line of business for BAH and provides leadership for the firm's Midwest IT business strategy. Sharon has a BS in Information Systems Management from the University of Maryland and a MS in Management Information Systems from George Washington University.

[EV ODGERS]

The Greentree Group

Ev Odgers is the President and Chief Operating Officer of The Greentree Group in Beavercreek, Ohio. He retired from the Air Force in 2002 as a Major General and Director of Financial Management and Comptroller, Headquarters Air Force Materiel Command, WPAFB, Ohio. He holds a BS from the University of Albuquerque and a MBA from the University of Utah.

[ROBBIE ROBINSON]

ATK

Gerald (Robbie) Robinson is the Vice President, Military Strategy, Aerospace Programs, ATK. He retired from the Air Force in 1999 as a Colonel with two tours as a wing commander, significant experience as a program manager, and several years as an operational fighter pilot and experimental test pilot. He has a BS in Basic Sciences from the US Air Force Academy, an MS in Aeronautical Sciences from the Embry-Riddle Aeronautical University, and is a graduate of the Defense Systems Management College, the Air Command and Staff College, and the Air War College.

[SAM RYALS]

Goodrich Corporation

Sam Ryals is the Director, R&D Plans and Programs for the Goodrich Corporation. He retired from the Air Force as a Colonel and held positions as Program Director, F-117 Stealth Fighter; Program Director, Special Operations Forces; and Deputy Director, AFRL Sensors. He was also a USAF experimental test pilot with time in over 100 different aircraft. He holds a BS in Astronautical Engineering from the USAF Academy, a MS in Aerospace Engineering from the University of Dayton, and a MS in Systems Management from the University of Southern California.

[SCOTT SULLIVAN]

SelectTech Services

Scott Sullivan is President of SelectTech Services Corporation, a small business specializing in engineering and information technology services in the Air Force and DoD arenas. Prior to SelectTech, Scott was the Manager of the Dayton Office for Cisco Systems Federal. He served in the Air Force and has significant program management, communications, information technology, and executive staff experience. He has a BS from the USAF Academy and a MBA from Golden State University. Scott joined SelectTech in 2006.

[STEVE TESKE]

The Boeing Company

Steve Teske is the Director of The Boeing Company's Dayton Office. He joined Boeing in 1998 following a twenty-five plus year career in the Air Force, retiring as a Colonel. While in the USAF he served in operational and training assignments as a fighter pilot, as well as staff tours at the Pentagon and NATO. His Boeing experience includes multiple aircraft, C3 and ISR programs. Steve has BA, MA degrees and also attended USAF's Fighter Weapon School and Air War College.

[DANE WARF]

Rockwell Collins

Dane Warf is the Manager of the Dayton Regional Office reporting to the Southeast Regional Sales Office supporting Government Systems in Cedar Rapids, IA. He is responsible for marketing and sales support for integrated systems in the global Air Force market. He retired from the Air Force as a Civilian in 2005 after over 35 years of service. His last assignment was as Deputy Program Manager for the Personnel Recovery Vehicle (PRV) now CSAR-X. Dane has a BS in Management.
